PRESS RELEASE

DEVELOPMENT OF THE DIALOGUE MODEL

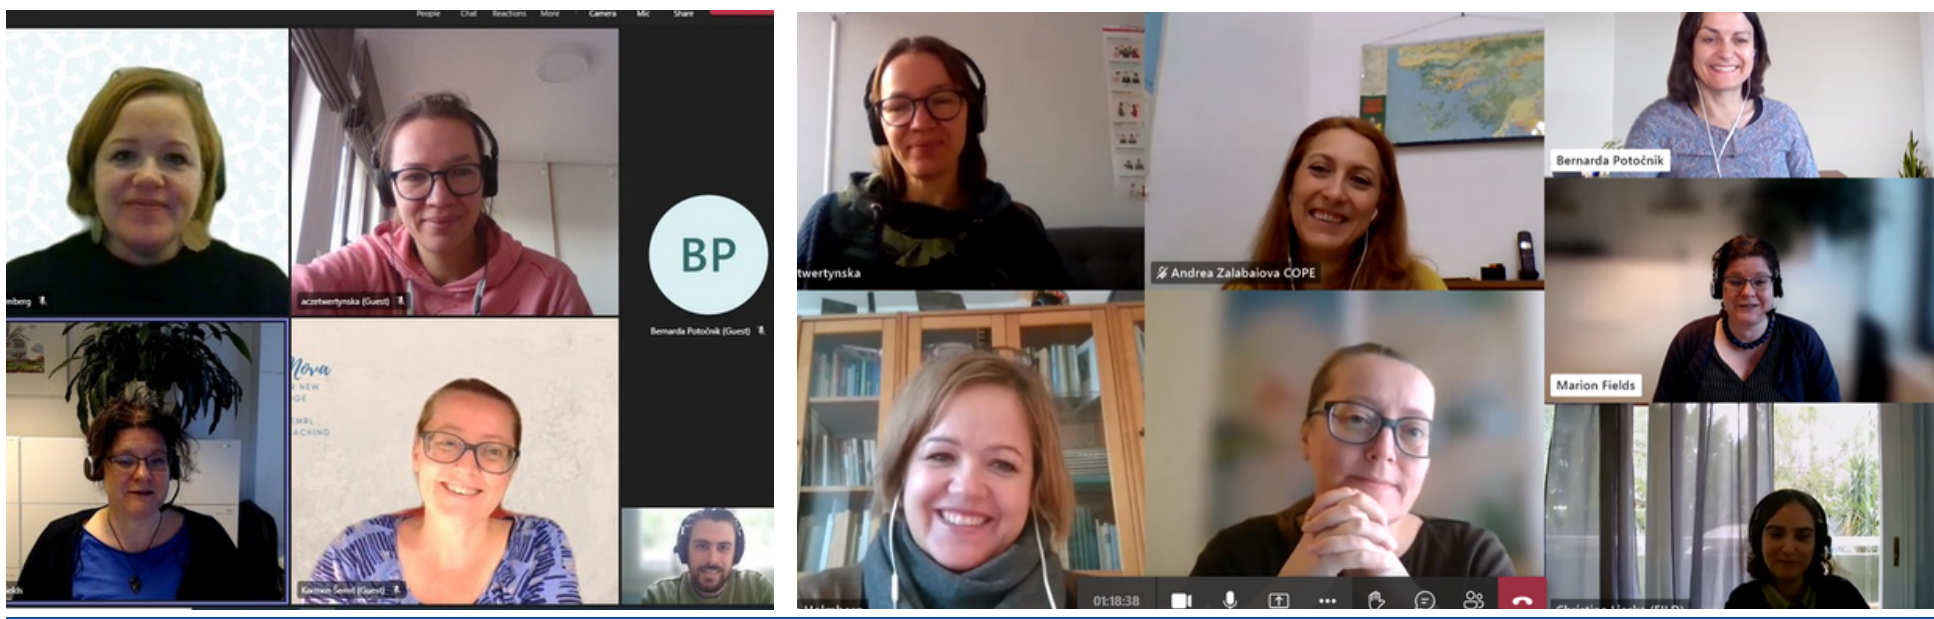

THE DEVELOPMENT OF THE WORK PACKAGE 2 REGARDING THE DIALOGUE MODEL IS IN PROGRESS

The Partners, through online meetings during the previous months, had the chance to discuss:

- the basic skills dimension of dialogue. In Europe, the conversation on life skills has grown stronger and now places a greater emphasis on interpersonal abilities. Additionally, they are linked to fundamental skills including literacy, numeracy, and digital literacy.
- how to approach the target group, as well as the guidelines for involving the target group
- the good practice cases regarding dialogue
- the upcoming dialogue workshops

During the online meetings, the partners also elaborated on the management tasks and the dissemination activities that have to be implemented for the success of the project's purposes and objectives.

At this point, we would like to thank all partners for all their efforts in this project.
