

PRESS RELEASE

ONLINE TRAINING SEMINARS FROM EILD IN THE FRAMEWORK OF THE MIGRANT TALENT GARDEN PROJECT

Athens, 12/2/2021

We are pleased to announce the successful completion of two very important seminars in the framework of the European Migrant Talent Garden project. The seminars were held in 2 cycles. The seminars' language was Greek.

More specifically, on 22 and 23 December 2020, and on 8 and 13 January 2021, the European Institute of Local Development organized 4 one-hour training seminars to provide business advice to social workers. The seminars, which were attended by 11 people, were conducted by specialized and experienced staff, that focused on how the social worker will be trained, in order to help migrants increase their employability.

The second round took place on 28 and 29 January 2021. During this two-day event, where 19 people took part, an experienced social worker provided information on how the entrepreneurship consultant will be able to offer business advice to migrants, taking into account the specific characteristics of the migrant status.

Participants received a certificate of attendance from the European Institute of Local Development as part of the Migrant Talent Garden project.
