ADULT EDUCATION AND ENTREPRENEURSHIP IN THE PERIOD OF COVID-19

European Institute for Local Development, in the context of the European Erasmus+ BABBAT project, had the pleasure to host and implement the LTTA on November 8-12 in Athens.

In the context of the LTTA for the BABBAT project, the results of the educational videos and personal stories were discussed with focus group members and ideas for the implementation of the brochure were exchanged as well as the progress of the project so far. Also, we programmed our next steps in the project's implementation and the mobility to Tenerife.

Furthermore, meetings were held with Greek educators who presented the methodologies that are using and talked about the difficulties that are facing in the era of Covid-19.

Finally, we met with expert entrepreneurs and discussed about the entrepreneurship on sustainable terms.

The European Institute was very happy to host the LTTA and its esteemed partners in a great atmosphere.
