REALIZATION OF THE PROJECT'S FIRST LTTA IN ZARAGOZA AIMING AT THE DEVELOPMENT OF ALTERNATIVE COMMUNICATION SKILLS WITH PEOPLE WITH INTELLECTUAL DISABILITIES

European Institute for Local Development, in the context of the Erasmus+ the European Cooperation in the Education of Mentally Disabled People project, had the pleasure to participate in its first LTTA with the project's partners from Italy, Turkey, Poland and Spain, on 18-24 October in Zaragoza of Spain.

In the context of the LTTA for the project, the beneficiaries who participated, presented alternative communication skills, methods and applications for people with intellectual disabilities and presented how important is the development of alternative communications.

The participants of EILD presented good practices and materials on the role of family, school and society in the education of people with intellectual disabilities and exchanged views on this field.

They also presented, the methodology for the development of an individual and customized educational programs for the beneficiaries with intellectual disabilities and how technology can work supportively in the process of special education.

The Institute would like to thank all the partners for the excellent communication and cooperation and specifically Innetica for the excellent organization and hospitality.
